

PIKES PEAK PASTEL SOCIETY

One-day Pastel Workshop with Becky Johnson

Saturday, August 27, 2022
10:15 1AM – 5:00 PM

The workshop's emphasis will be on elements of the landscape, including trees, rocks, water, and skies. We'll touch on working from photographs, choosing paper textures and colors, formats and sizes for a successful landscape painting. Rather than attempt to complete a finished landscape painting, individual elements of the painting will be explored and demonstrated, making it possible to follow along with the thought process and the particulars of various elements, giving participants the tools to achieve better landscape paintings on their own.

Becky will answer questions throughout, and will make every effort to share thoughts and suggestions regarding participants' work during the day.
