# PIKES PEAK PASTEL SOCIETY

# *Painting The Poetic Landscape*

## with Barbara Jaenicke, OPA, AIS, PSA-MP, IAPS-EP

### July 15 – July 17, 9 am to 4 pm

### Location: Mount Carmel Veterans Service Center

This is Barbara's basic workshop that she often teaches when she's new to a particular teaching venue. This workshop is a broad overview of her approach to painting and covers value, color temperature, chroma, composition, editing, and mark making. This is typically the only workshop in which Barbara covers mark marking with specific exercises for students to complete...many artists who have heard of these workshops know them as "count the stroke" exercises...very fun/very challenging!
